

A Liquid Mixture
Designed to Protect
COWS AND HORSES
From Torture by
Flies
A Valuable Disinfectant
and Germicide.

SO-BOS-SO (Kilfly) is a liquid mixture designed to protect cows and horses from torture of flies. The preparation is positively harmless. It is used with splendid results as a disinfectant and germicide. The Electric Sprayer discharges the So-bos-so (Kilfly) in a fine, broad spray. From 20 to 50 cows can be sprayed in a few moments. The Electric Sprayer is detachable, and thus may be thoroughly cleaned. If your animals are troubled with lice use So-bos-so (Kilfly). It knocks them out. Spray your poultry house with So-bos-so (Kilfly). It kills lice, or any vermin that may infect the fowls.

FOR HORSES.

So-bos-so (Kilfly) is invaluable as a disinfectant for spraying around the stable; at the same time prevents the irksome torture of flies. Used with splendid effect on horses while at work, especially draft horses, traveling at a slow pace and often times obliged to stand for long intervals, harnessed to the truck, exposed to the torture of the beastly flies, while the teamster is loading, unloading, or otherwise engaged. Blacksmiths will greatly appreciate the preparation. A moment's work with the Electric Sprayer and a little So-bos-so (Kilfly) will rid the shop of flies, and the horses stand perfectly quiet. Your use of So-bos-so (Kilfly) will result in more and better milk, more money, more comfort for cows, for horses, and for you.

Kilfly has proved a perfect success in this Territory, and until the arrival of large invoices recently, we have been unable to fill all orders. We have now a supply on hand and more on the way. Sufferers from the HORN FLY should give Kilfly a trial. We are the sole agents for the Territory of Hawaii.

WHAT IS GOING ON IN THE BIG ISLAND OF HAWAII

HILLO, October 31.—A new political party has been organized which is to supplant the Independent Hawaiian party, the new organization to be altogether republican in politics. At a second meeting Wednesday night at the armory the question of a successor to Representative Ewaliko was generally discussed. There were many speeches made, and the drift of feeling was plainly toward a man who would be satisfactory to all parties. The name of John Baker was mentioned, but he would not allow his name to be considered. The final vote resulted in the nomination of James Lewis, a defeated candidate on the republican ticket at the last election. There was a strong vote for David Ewaliko and J. K. Pahoa, and Kealawa came in for scattering votes. A little row was raised when it was proposed to raise \$25 by subscription to pay the cost of securing a petition and filing the certificate of nomination of Mr. Lewis. It was finally settled by allowing Mr. Lewis to pay his own bills. Lewis is a prosperous half Hawaiian contractor and being chosen from the republican ranks stands a good chance of endorsement from the other parties. His nomination was the first practical result to come from the organization of the Hawaiian republican society.

William Watt, a locomotive engineer on the Okaia plantation, was killed last week by a boulder which fell upon him from a high hill, while he was standing at the side of his engine. The heavy stone fractured his skull and death ensued the next day.

The Sunday closing law is now being enforced. Several Oriental stores were ordered closed up on the Sabbath by Captain Lake, and did so only under protest.

The annual meeting of the Hilo Library Association was held Saturday, November 21. New officers were elected, and the reports of the past year read.

A farewell banquet was given Saturday evening to C. H. Fairer by the members

of the Masonic lodge, previous to his departure for San Francisco. A banquet was served at which there were seventy plates, and at which E. E. Richards acted as toastmaster.

Mr. and Mrs. David Helela are mourning the loss of their youngest daughter, Mary.

Fathers Boardman and Megewey have returned from Walluku and will hold a mission here prior to their return to Honolulu on November 17.

Judge Little has taken under advisement the suit of H. Hackfeld & Co. vs. The Hilo Railway, for \$10,000 on mechanics' lien. The trial occupied two days.

Judge Little had a peculiar habeas corpus case in court this week. A Japanese woman who had sued for divorce was imprisoned in his home by her husband, to keep her from appearing in court. She has been released.

The wedding of Miss Katalina Hamlin Clark and Charles B. Sedgwick, which was solemnized Wednesday evening at the foreign church was a very brilliant affair. At 7 o'clock the organ pealed forth the "Bridal Procession" from Lohengrin, as the groom accompanied by his best man, Mr. W. T. Balding, approached the altar from the right. As music changed into the "Bridal Chorus," the bride, preceded by the ushers, Mr. T. C. Ridgway and Mr. Ralph Balding, the flower girl, Miss Margaret Scott and the matron of honor, Mrs. W. T. Balding, entered the church from the left. During the short but impressive ceremony performed by Mr. Crutcher, the "Song of the Evening Star," from "Tannhauser," was played.

It is rumored that a tract of land in Oahu at 25 miles will shortly be leased and thrown into a stock or dairy ranch. Dame rumor has it that A. E. Sutton, Peter Lee, C. E. Richardson, J. Martin Lee, Martin Porter, A. J. W. McKenzie and Martin Bowers are interested.

A Japanese was drowned in Walluku river sometime before Wednesday. The body was found floating past the Pitman street bridge and rescued just as it was about to float to sea. The body was very much swollen, and gashes were found on the head and under the chin. An inquest was held.

ITCHINESS OF THE SKIN.

Everybody has their hour of trouble. But people having any irritation of the skin. Have many hours of trouble. Nothing so annoying, nothing so irritating. It is a hard and trying position. Leave it alone and you can hardly bear the misery. Relief and cure have come at last. Melbourne has put it to the test. Doan's Ointment cures every form of skin irritation. People at home are learning that this is so.

Here is proof in a statement: Mr. William Preston has been a resident of Victoria for over half a century and therefore will be known to many of our readers. Mr. Preston is at present residing at No. 68 Argyle St., St. Kilda. He says: "For some considerable time I have been troubled with Eczema on my legs. The irritation at times was very great especially at night, and it caused me considerable annoyance. I obtained a pot of Doan's Ointment and I must say that it allayed the irritation almost immediately. Doan's Ointment is a good remedy and I can highly recommend it for Eczema."

Doan's Ointment is splendid in all diseases of the skin, eczema, piles, hives, insect bites, sores, chilblains, etc. It is perfectly safe and very effective. Very frequently two or three boxes have made a complete cure of chronic cases that have not yielded to other remedies for years. Doan's Ointment is sold by all chemists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Agents for the Hawaiian Islands.

ABOUT GEORGE MEREDITH.

The Feature of the Kilauea Art League's "At Home."

In spite of polo games and other attractions, the Art League Hall was filled to its utmost capacity on Saturday. The first part of the afternoon's entertainment was a piano duet by Lehmann, played with skill and taste by Mrs. Frank Atherton and Mrs. Theo. Richards. Then the lecturer, Miss Lucy Adams, ascended the platform and from the very beginning she completely fascinated her audience by the bright, easy and witty manner in which she handled her subject—George Meredith, who is either a delight to his readers or he simply bores them. Her talk was heartily applauded, and it was a general opinion that it is much more delightful to hear Miss Adams give her reasons why she likes George Meredith, than to plod one's own weary way through his volumes.

Mrs. Walbridge, Mrs. Howard Hitchcock, Mrs. Ed. Adams and Mrs. L. L. Mark, assisted by Miss Nellie White, did the honors at the pretty tea tables, gay with caryatids and carnations and shining silver.

The next "At Home" will be on the last Saturday of January, 1902, when Miss Elizabeth Lewis of Oahu College will talk on "Spenser" and His Word Painting.

On Saturday night, the police paid an unannounced visit to "Russian" Frank's place, and as a result, Bob Levi, Manuel Perry, and a quartet of wahoines were gathered in and charged with violating sections 100 and 370 of the Penal Laws.

Palama again yielded up "Sweet" Emma on two charges, one of drunkenness, and the other of assault and battery with a weapon. She is said to have attacked Missie, a Japanese child, with poi powder, and to have beaten her severely about the head. Kaula Kaula (w.) was brought in from Kewalo. She had smashed all the windows in her house, and was starting in on her husband when arrested.

THE JEWELER FOOLS' EM.
"It is foolish," says an assayer quoted by the Philadelphia Record, "for people to pay for having old jewelry remodeled. In many cases the jeweler keeps the old material and gives new articles in the style desired. In this business we see proofs of such in-
